RED CROSS ACTIVE IN DISASTER RELIEF

When disaster hits a community—fire, flood, earthquake, explosion, bad wreck or tornado—the American Red Cross can be depended upon to follow right at its heels with help for the stricken people. Red Cross relief is almost immediately forthcoming—food, clothing, shelter and funds; doctors, nurses and special workers with long experience in handling similar trouble elsewhere.

During the last year, ending June 30, there was an average of four disasters a month in the United States. One hundred and fifty communities in twenty-seven states suffered. The largest and most destructive of these were the tidal wave at Corpus Christi, Texas, and tornadoes in Mississippi, Louisiana, Alabama, Georgia, Ohio, Indiana and Illinois.

In these events of horror 850 persons were killed, 1,500 were injured, 13,000 were made homeless, about 30,000 families needed help, the property loss was nearly \$100,000,000 and almost \$1,000,000 in relief funds, not including emergency supplies was expended.

To the sufferers from all disasters during the year, the American Red Cross sent \$120,000 worth of supplies, 110 Red Cross nurses and seven special relief trains. To meet the needs of the stricken, the organization set up ten relief stations, operated thirty food canteens and as many emergency hospitals. One hundred and twenty-five Red Cross chapters gave disaster relief service.

If disaster ever strikes this town or county, the citizens can be absolutely sure the Red Cross will be right on hand to help them in every way.

Pine Needles

Good morning! This is California's birthday. The State was born on September 9, 1850. Seventy years young, and her fifty eight children (counties) prosperous and growing. The first Admission Day ceremonies were celebrated in Monterey.

L. S. Slevin, Notary Public.

So large is the number of Carmel girls and boys who are attending the Monterey High School that they now travel back and forth in two vehicles—the girls in the big bus and the boys in a Ford.

Though in town, Ocean Avenue sees very little of Perry Newberry these days. Fact is he's so busy building his new residence here, he hasn't time to come up town.

Old-timers here have been greeting Mr. H. W. Sabin. In the very early days of Carmel he was associated with Messrs. Devendorf and Powers. Now he lives in Los Angeles and is an insurance adjuster.

Prof. R. H. Alden and family are here from Palo Alto. They will occupy their Monte Verde street bungalow for a month.

Albert Van Houtte, who is in the moving picture game as a director down in Los Angeles, is here on a two weeks' visit with his mother.

Professor George H. Boke is leaving next week for Norman, Oklahoma, where he will resume academic work, after a long siege of illness.

Goold's Stage, Transfer and Auto Hire office now at old building across from Carmel Garage. Phone 605 W 5.

James Hopper, author, who has been in New York for several months, has returned. His family is also home again.

All citizens who will have been in the state one year, the county ninety days and the precinct thirty days, on November 2, and who have not registered since January 1 must do so if they desire to vote at the Presidential election. The books are now open here.

Dr. and Mrs. C. M. Thudichum were here from Sebastopol for several days last week. Many friends are urging them to locate here.

BUILDING

in its broadest sense is the natural instinct of a vast majority of all human beings.

Trustee Bechdolt Resigns

"I move, that inasmuch as there is no road work now going on, that the office of City Engineer be declared vacant."

The foregoing motion, made by Trustee F. R. Bechdolt at Tuesday night's meeting of the city Board of Trustees, was lost, and thereupon Bechdolt tendered his resignation, the vote being: Ayes, Reardon and Bechdolt; Noes, deSabra and Kibbler; Not voting, Arne.

The motion followed a discussion concerning the appointment of Henry Fisher as City Engineer to succeed Howard E. Cozzens.

It seems that prior to the organization of the present Board of Trustees a caucus of the members was held, at which four members—T. B. Reardon, W. T. Kibbler, C. J. Arne and F. R. Bechdolt agreed that a change in the office of City Engineer was desirable, and deputized Bechdolt to see Fisher and inform him of the action of the caucus and to unofficially tender him the position, which was done.

Trustee Kibbler justifies his negative vote by the assertion that since the caucus "circumstances have altered."

Trustee Arne thought that by retaining Mr. Cozzens more favorable terms might be made for the city on Highway repair work, but voted neither way.

Trustee deSabra's "No" vote and Trustee Reardon's "Yes" were in keeping with their action at the caucus.

No action was taken on the resignation, but adjournment was taken to next Wednesday evening.

Mrs. Eichrodt Passes

Mrs. Caroline G. Eichrodt passed away at 9 o'clock Tuesday evening at her San Carlos avenue home, where the funeral service will be held at 3 p.m. today.

Mrs. Eichrodt had long been a resident of Carmel and was an active worker in the church and in all charity and civic affairs. Several years ago, before her health failed, she was president of the Carmel Library board, in which work she took much interest, having been librarian of the Sacramento Public Library for 22 years.

Caroline Grover Hancock was a descendant of one of the earliest families of Puritan stock, dating back to 1635, in Massachusetts. She was born July 19, 1899, at Barre, Worcester county, Mass., where she passed her early life, later residing in Washington, D. C.; then for some years in Illinois and Iowa, and then locating in Sacramento in 1874, where she taught school. Later she entered school work in Phoenix, Arizona. In 1877 she returned to Sacramento and engaged in library work.

Carmel Art Exhibition

The report of the Carmel Art Exhibition, just closed, is a most gratifying one.

Thirty-eight artists of Carmel and the Peninsula were represented by 75 canvasses. Two groups of photographs by Lewis Josselyn and L. S. Slevin were much enjoyed, also an interesting group of pastels by Catherine Comstock.

An innovation this year was the introduction of sculpture, comprising three excellent busts by Miss Edwina Devendorf, who shows great promise, and three delightful bits by Mrs. Marie R. Duggar. It is hoped that this branch of art will be more fully represented another year.

The attendance reached a total of 945, many returning three, and four times and bringing their friends.

Carmel Movies

Sat., Sept. 11—D. W. Griffiths presents "Scarlet Days." 20c. and 40c.

Tues., Sept. 14—Edward Breez in The Shooting of Dan McGrew 11c. and 22c.

The voting excited an interest that served to impress the pictures on the minds of the visitors and caused them to view them more critically than they otherwise would. Miss Charlton Fortune and Mr. William P. Silva carried off the honors with the largest number of votes received, a total of 535 votes were cast.

The wish was expressed by many that Carmel might have a permanent exhibition in our attractive little gallery so that transient visitors at all times may see what the artists here are doing, without disturbing them in their studios.

It may be that the Arts and Crafts Club will undertake this added attraction in Carmel if artists and public give them the proper encouragement and assistance. About thirty volunteers are needed, each to serve one afternoon a month as curator. The President, Mrs. J. W. Hand, will be pleased to receive the names of those willing to perform this public service.

The following table shows how the vote was cast at the recent exhibition:

Service and Reception

A large congregation was in attend-
ance at All Saints here last Sunday af-
ternoon to take part in an impressive
service which was led by Bishop Co-
Adjutor Edward Lamb Parsons. Assis-
ting the Bishop were Rev. G. M. Dor-
wart, Rev. G. Cutting and Rev. F. G.
Williams.

The Bishop's sermon, having for its
theme the joy of a more personal and
intimate religion, came to a close all
too soon.

Following the service, an informal
reception was tendered the Bishop and
Mrs. Parsons in the Rectory.

The congregation of All Saints will
be glad to hear that Dr. Learned will
celebrate the Holy Communion and
preach at the 11 o'clock service next
Sunday. The minister and people of
this church would like to make public
acknowledgement of their gratitude to
Dr. Learned for his many kindnesses
to them.

Pray for Rain

There's no reason to be alarmed
about the taste of the water we are
getting now, says Mr. Robley, local
representative of the water company.
It seems that at the source of supply
the water is passing through a deposit
of chalk rock, and this, together with
chlorine used for purifying, makes the
peculiar taste. This condition will
continue until the first rains, when the
new reservoir will be used.
